

SnapLogic E-Learning Library

Audience

■ SnapLogic Integration Developers

Target Group

■ Integration Developers, Data Scientists, Citizen Integrators, Admins, and Managers

Description

■ The SnapLogic Course Library contains courses and videos designed to bring you up to speed with SnapLogic platform capabilities within a short time and help you make the most out of the SnapLogic Enterprise Cloud platform by providing self-paced learning to the users.

Improve the efficiency of your integrations:

The materials - created with inputs from more than 20 SnapLogic experts - provide a great starting point and can help you continue your SnapLogic education. One can start with the SnapLogic Beginner Training to get basics and then explore more advanced materials.

Designed with best practices in mind, our materials help expedite your enablement process with examples of how to implement solutions for common integration end points, e.g., Salesforce and Workday, and how to troubleshoot common integration errors.

What we provide

■ SnapLogic training provides one-year access to the following courses/videos:

1. SnapLogic Beginner Training (6 hours of learning)
2. Creating and Managing Ultra Tasks (3 hours of learning)
