

SnapLogic Professional Training

- Audience** ■ SnapLogic Integration Developers
- Target Group** ■ Integration Developers, Data Scientists, Citizen Integrators, Admins, and Managers
- Duration** ■ 3 Days
- Description** ■

SnapLogic Professional Training is an extension to Beginner Training and includes advanced concepts of the SnapLogic Enterprise Integration Cloud such as Administration and Configurations, Single Sign-on, and Ultra Pipelines. This course gives advanced users, who have already taken Beginner Training, to complete insight into the rich and advanced features of the SnapLogic Enterprise Integration Cloud platform.

Training covers key advanced topics like SnapLogic system configuration, best practices for performance tuning, setting up ultra node environments, and more, which will enable users to take their SnapLogic experience to the next level.

This is an in-person instructor-led training that also includes topics that cover specific needs of customer use cases.
